IN 38th YEAR — EVERY WEEK SINCE 1905.

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, APRIL 23, 1943

NUMBER 25

## Will Hamlin's Territory Fail to Raise Its \$175,000.00 Quota of War Bonds?

### Time Is Very Short— The Road Is Long

Since the first of April, the Hamlin community has purchased about \$50,000 in WAR BONDS. But to meet the quota, which is based upon the amount of Bank Deposits, Hamlin should buy \$175,000 worth of bonds. That means face value, not the actual cash purchase price.

Many people have already purchased bonds, not just recently but in days gone by. Some people have not purchased any yet. Now the bond drive, the SECOND WAR BOND DRIVE, is on in dead earnest.

It will be a great credit to the Hamlin community to more than meet the quota of \$175,000, and do it before the last day comes, which is April 30. It will be no credit to any person who has a few dollars they can lend to the government, and not do it voluntarily. It is no credit to anyone to do something that they are forced to do by public opinion.

A meeting was held Tuesday afternoon at the bank, to make arrangements to stimulate interest in War Bond sales. Sections of the town are laid out and volunteer committees have agreed to see each person in that certain block and area before this week is out. If you are approached by a friend who talks to you, remember he or she does it because they feel it a duty to their government.

If you have already bought bonds, that's fine, but not till each one has bought bonds with all his spare money, can the job be done right.

Up to this time all bond buying has been done on a volunteer basis. That's the way it should be to the end of the war or till the government can meet all bills caused by the war. BUT suppose indifference or plain refusal to share our money with the government should be the case... THEN Uncle Sam would step out and tell us to kick in willingly or unwillingly. Don't worry, the government will get what is needed, and make no mistake about that.

Now let's imagine that newpapers, bankers, sales people, shop workers, farmers and everybody just keep silent, say nothing, do nothing, while our boys are forced and in many cases, volunteering to sacrifice their lives on the battlefields for their country... imagine such a situation. That's what the action of the man with money would indicate if he would not let his money be used temporarily by the government. So the bond drive is on. We feel sure that this Hamlin community, that has so many fine young fellows, and girls too, at the front doing what most of us at home can not do, we repeat, Hamlin community can not and must not fail.

Make up your mind, wherever you are, that even though you have already purchased bonds, that you'll buy some more. Now this paper does not have to say all this, in fact, some will resent what we are saying and some will frown and grumble because this paper does not go whole hog out and make it stronger.

To quite a big majority of American people, this war is real. It is real to fathers and mothers, brothers and sisters and wives who have boys already paying the price. People are beginning to realize that the quicker we ALL start acting and quit talking, the sooner our boys will get to come home, and more of them. The war is not won yet, but we'll win if it takes a 100 years, and don't ever express a doubt about that. Actually we may have to pull off a half dozen more War Bond Drives before the "V" can be written with clear white success. So let's not be ashamed for one another to know that we have bought bonds and how many. Let's not feel braggy about the amount we have let Uncle Sam have. Let us ALL bear in mind that unless we do a good job at home the men on the battle front can't do what they want to as American soldiers.

So the request has been given. Your money is needed by the government. And never before has this section of the nation been in a better situation, financially than at

present. There is plenty and more of everything than we need. Our country calls, and we MUST not fail. This goes not alone for little ole Hamlin and community but for all America. Let's go! And it's money that talks. A little from all of us will do the trick. We need to buy \$175,000 worth of bonds before May 1, 1943.

The BOND you buy is as good as the \$20 bill in your purse. To keep our money worth face value we have got to do a lot of backing up of our fighting men before this war is in the bag.

### Memorial To Red Cross For Boy Who Crashed

A memorial contribution for Staff Sergeant Reginald R. Reynolds, Rt. 2, Lueders, who died in the service of his country near McDill Field, Tampa, Florida, is included in the Jones County Red Cross Chapter War Fund.

Officers and enlisted men of the bombardment squadron to which Sergeant Reynolds was attached, created a fund for flowers and for memorials to the sergeant and three officers who died in the crash. After wreaths were provided for each, the balance of \$29.50 per man, was at the suggestion of the donors, designated as a memorial donation to the home Red Cross chapters of the deceased for chapter war fund. The sum has been so credited in Stamford.

Sergeant Reynolds was the son of Mrs. Ethel M. Reynolds.

### BABY FOUND DEAD IN BED SUNDAY MORNING, APRIL 18

Mr. and Mrs. J. D. Hall, who reside in Southwest Hamlin, were shocked about 7:30 Sunday morning, when they found their baby, little Curtis Leslie Hall dead in their bed. The baby was born February 9, and died April 18. Besides the parents, two brothers survive, James Mahon and Don Franklin.

The funeral was held at the Assembly of God Church, Monday afternoon, with the pastor, Rev. Dewey Helms, in charge with Mrs. Arthur Proffit making the chief talk.

### BOX SUPPER AND WAR BOND PARTY AT HITSON FRIDAY

Friday night at 8:30 the people of Hitson are rallying to pull off a War Bond Party. A Box Supper will be one feature and a good time will be had by all who attend. This is a good way to do a worthy job. Hitson community has a lot at stake, and every boy from there will be listening to hear how the folks back home are doing their part. Go to the box supper Friday night (this very night).

Mrs. J. O. Jones of Bonham, accompanied by her sister, Mrs. Tucker, were here this week visiting friends.

Mrs. Q. Don Gould and daughter Brenda Kay are visiting Mrs. Gould's parents in Walters, Oklahoma.

### Mrs. J. W. Gay Died At 2:15 P. M. Tues.

Not many people of Hamlin knew that Mrs. J. W. Gay had been taken to the Stamford Hospital on Friday of last week, and hence the report of her death was all the more a surprise. She passed away at 2:15 P. M., Tuesday, perhaps the immediate cause, was a weakened heart.

Mrs. Gay had been complaining with what she termed rheumatism since last fall soon after she fell in her yard and injured her back. She has been frail and several years ago her eyes completely failed, but she carried on, always aiding and protecting her husband who has been growing very feeble. So to shield him she kept from him all that she could, and carried many aches and burdens all to herself. When the hospital made an X-Ray picture of her back it revealed the spinal column broken or badly injured, which had perhaps been the cause of what she thought was rheumatism. The body was put in a cast and she never regained consciousness.

Mrs. Gay was born in Bibb, county, Alabama, August 20, 1866. Her maiden name was Martha Estelle Harris. The family came to Texas in 1879 and settled in McLennan County near Waco, and in 1886 they moved to Jones County and settled east of where Hamlin now stands, at that time in the Fairview community. She was united in marriage to J. W. Gay, July 30, 1905, and when Hamlin was just starting, Mr. and Mrs. Gay became among the first to make up its citizenship.

Mrs. Gay is survived by her husband and one daughter, Miss May Gay of Hamlin, and two step-sons, Joe Gay of San Angelo and Editor J. Will Gay, Jr., of Moody Texas, and one step-daughter, Mrs. O. L. Jenkins of Hamlin. In the Harris family she is survived by one sister, Mrs. E. A. Isbill, two brothers, D. M. Harris and R. L. Harris, all of Hamlin.

Among the relatives and friends here for the funeral were: Mr. and Mrs. Joe Gay and two daughters, Mrs. Virgil Jones and little daughter and Mrs. Chas. L. Williams of San Angelo; Mr. and Mrs. Will Gay of Moody; Pvt. Ernest Jenkins of Bryan and his wife from Lubbock; Mrs. Clarence Lyon of Commerce; Mr. and Mrs. Earl Kiser and Miss Miss Mildred Carolyn Isbill of Abilene; Pvt. John Jenkins of Kingman, Arizona (who could not arrive in time); Mr. and Mrs. J. M. Smith, Mr. Gay's sister, and Mr. and Mrs. J. L. Price, all of the Sinclair community. A son of Mr. and Mrs. Joe Gay, a soldier who was at a port of debarkation on the Atlantic, phoned he could not leave.

Mrs. Gay had been a consistent, faithful Christian, a member of the Baptist church from early girlhood, in fact since 1893.

Funeral services were conducted at the First Baptist church, Wednesday afternoon at 4 o'clock, by the pastor, Rev. H. E. East and Rev. J. Henry Littleton of Anson. The Barrow Company had charge of interment in the Fairview Cemetery.

Mr. and Mrs. O. D. Roland and children of Port Arthur are spending the week here visiting their parents, Mr. and Mrs. W. A. Albritton.

The Herald is worth more than \$1 Place your orders for Sales Books at the Herald Office.

### Neinda Defense Club Met Thurs., April 15

The Neinda Defense Club met at the school house Thursday night, April 15th, to sell war bonds and stamps. The ladies brought covered dishes for a supper after the dishes were sold. Mr. J. L. Weaver was the auctioneer. The first cake auctioned off was sold for \$40. A pound of coffee sold for \$40. A plate of fried chicken sold for \$25. Bread, salads and many other things were sold. A total of \$600 was taken in. Since the club started meeting in October a total of \$3,088.00 worth of bonds and stamps have been sold at the school meetings.

The Defense Club offered a prize for the three families bringing the most scrap iron. First prize was won by Doris and Don Gregory who brought in 2,200 pounds. Second prize by Guy Lewis Weaver, having 2,075 pounds. Third prize by Melba Gae Turner, having 2,000 pounds. A total of 10,889 pounds was the amount brought in.

There will be one more meeting night before school closes. The outsiders are going to put on a short play. Remember this date, May 20, and come to the meeting.

### LOCAL PERSONAL ITEMS

Pvt. J. T. Carter of Lubbock Flying School spent Saturday and Sunday with his parents, Mr. and Mrs. Boss Carter.

Mr. and Mrs. John Poe of Stanton spent the week end with Mr. Poe's mother and Guy Poe.

Mable and Morris Fields of Fort Worth spent the week end with their parents, Mr. and Mrs. H. Fields.

### 700 Rotarians Expected At Abilene Conference

Abilene, Texas—Attendance of more than 700 at the annual conference of the 41st district, Rotary International, in Abilene Sunday and Monday, April 25 and 26, is indicated by advance reservations.

Preparations for the conference by the Abilene host club went into the all-out phase this week following a Monday night conference of committee chairmen and vice-chairmen with Ed S. Stewart, conference chairman, Charles E. Paxton of Sweetwater is district governor.

Features of the program outlined by Governor Paxton include Rotary Victory service Sunday evening at Abilene High school at which Jeff Williams of Chickasha, Okla., nationally known speaker and Rotary International representative, will address Rotarians and the public at large, and a tour of Camp Berkeley, the Army's huge cantonment just outside Abilene, Monday afternoon.

The program will end with the Governor's banquet Monday evening at the Second Street USO club.

Registration will begin at 1 P. M. Headquarters will be at the Hilton Hotel.

There are 57 Rotary clubs in the district, which includes the Panhandle and South Plains and extends east and west from Wichita Falls and Fort Worth to Midland and the New Mexico border.

### THIS WEEK

A LITTLE BIT ABOUT

*This*

AND A LITTLE BIT OF

**THAT**

—Ruml? Who is that fellow Ruml? No not Rommel....everybody knows who Rommel is, and how! That fellow Ruml, he says he does not favor "exercise" for it is like dope, once you start it you have to keep it up, and how!.... muscles get sore but once when exercise starts, but stop the exercise and you have to get sore all over again. Old Ruml is right on that line even if he is corkscrew on the "Tax Plan".

—Wonder if you have taken on a few of those good old USA bonds, War Bonds? No American can go about with a clear conscience in these days and not help our Uncle Sam finance the enterprise of saving our nation from the fury of Hitler and his gang....

—Now there's Kiska, one small island away up there in the cold North, and it is rivaling the famous Malta....shall we conclude that if it takes as long to conquer Japan as it has to take little ole Kiska, then we'll be fighting at the end of this century. One lesson well learned, you can't take much of a country with air planes alone.

—Whose "goat" are you? So many people think somebody has made a goat of them that they bleat some kind of cry at everything that comes along.

—OK, now we hear that they are going to let the furloughed soldier boys have as much as five gallons of gasoline while at home....that is the way it should have been all the time....now the poor kids can take their Suzie about and then they can visit Uncle Ned and Aunt Mary, and feel like somebody.

—We learn that the British soldiers who stood at Dunkirk to the last foot of soil are back in there pushing the Huns out into the sea down in Tunisia....according to some Americans, those fellows should do nothing more, after their trials at Dunkirk....meaning to say that some fellows think because they have purchased one bond or two they should not buy more.... you see the soldier can't quit.

—Speaking about the British.... their trip across the African top has for all time given them the highest rank as fighters....well, there is another angle too, not only pure British but soldiers of every race and climate are in there with them.

Wed., April 28—Wed., May 26

## Why is COTTON AN ESSENTIAL WAR CROP?

Here is what we get from our Cotton Crop:  
With every 500-pound bale of lint we grow, we get about

### 900 POUNDS OF COTTONSEED

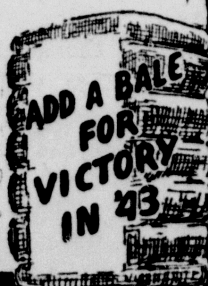

900 pounds of Cottonseed yield about 400 POUNDS OF COTTONSEED MEAL OR CAKE, to furnish critically needed protein for our beef and dairy herds, sheep and hogs, and—

240 POUNDS OF COTTONSEED HULLS, totaling 640 POUNDS OF LIVESTOCK FEED, compared to the 500 pounds of lint about 75 to 80 POUNDS OF COTTON LINTERS FOR GUNPOWDER TO BLAST THE AXIS. —and about 130 to 140 POUNDS OF COTTONSEED OIL.

We do not have a surplus of these products: we never have. We need, today, far more than we can produce from the cottonseed we are growing. We need more fats... the government is asking your wife to save every pound of fat "drippings." How long would it take her to save the 130 pounds of fat produced every time we grow a bale of cotton... and lose every time we reduce our cotton production by the equivalent of one bale?

## NOTICE FARMERS

Please do not plow across the barrow ditch into the roads.

A considerable amount of this has been done, which causes much extra work and expense in addition to damage to the road.

The County is short of road machinery and constantly striving to cut expenses in every way possible, which makes your help in this matter still more important.

We will appreciate your full co-operation in this matter.

## 65 Times Lighter Than Regular Mail

Because it is sixty-five times lighter than regular mail, V-mail, photographed on microfilm and dispatched to its destination by air, means a substantial saving of valuable plane space. One small strip of V-mail film carries 1,600 letters and weighs only 12 ounces. A mail bag carrying the same amount of regular mail weighs 48 pounds or one sack of V-mail will equal 65 sacks of regular mail. The saving in cargo space means more room for transporting fighting equipment, medical supplies and food.

Frequently men in service write their families and tell them not to send V-mail because it is slower, the Navy statement said. Transportation facilities returning to the United States have more room than the heavily loaded outgoing facilities and less delay results in mail received from operational areas.

When the family receives their son's letter in a few days, where as their own mail has taken weeks or months to reach him, they naturally think that air-mail is best. As a result, their bulky outgoing mail piles up on the coast awaiting transportation.

Even when sent to a locality where it cannot be microfilmed, the V-mail, in its self envelopes, is lighter by 40 per cent than an equivalent amount of air mail and it still retains the highest priority of all personal mail.

The safety of V-mail is guaranteed, because if a roll of V-mail is lost enroute to its destination, another roll can be reproduced and forwarded. V-mail is private, as it goes through the photographing machine at tremendous speed and it is read only by the censor, when necessary.

The Navy Department asks the co-operation of all correspondents in addressing mail properly. Mail incorrectly addressed to Naval personnel will be returned to the sender, since the clerical personnel since the clerical personnel available is unable to render personal service to each individual in the Navy.

Mr. and Mrs. Fred Day of Quah have recently come to Hamlin to make their home. Mr. Day is superintendent of the Hamlin Sand and Gravel Co. and is in charge of repairs on the equipment prior to resumption of work.

The Herald welcomes news items.

## A GUADALCANAL SOLDIER

W. A. Brown, (Dub) to most Hamlin boys, has had some terrible experiences in the Guadalcanal battle. He writes: "Well I'm back in civilization again. I was on Guadalcanal, as you probably already have guessed. I am ready to go to some other place. It isn't a very pretty sight on the battlefield but the worst thing to take is to learn to do without. You don't know what it is to go without and I hope you never know. You don't know what it is to go without food and water for days under the hottest sun you ever saw...so hot it would make that Texas sun look like a small lamp bulb. Sleeping on the ground in a small hole (if you got to sleep) wearing the same shirt and pants night and day...these are the things that prove if you are a man or not. My Corporal and I (he is the squad leader and I am his assistant) were the only ones out of my squad that stayed on the line all the time. If you could just watch these Marines fight you wouldn't wonder why they are the smallest and best fighting outfit in the world. They have the guts, the spirit and are willing to fight...well, I get a well earned ten days leave starting tomorrow (his letter was post marked March 16). I am sorry I can't come home, but I am just a few thousand too many miles away for that, so I'll go some other place." This Hamlin Piper will be well remembered by a host of his friends here. He has a fine spirit. He tells his father, "I'm Uncle Sam's worry now." (Now here is a boy who was on Hamlin's streets up until about the first of last July and he has gone places and stood up under a lot that words cannot express since then). Yes, Brown is a Marine and proud of it.

## Engineer Q Martin's Father Died April 5

The many friends of Engineer Q Martin will regret to learn of the death of his father, W. R. Martin, on April 5. At present, Mr. Martin resides now in San Angelo, but for many years Hamlin was his home. We take this clipping from a Cleburne paper:

"W. R. Martin, one of Johnson County's pioneers, passed away at his home, 10 miles Northeast of Cleburne Tuesday, April 5, and was buried at Bethesda Cemetery, Wednesday, April 6. He was 88 years of age, and came to Johnson County in his early youth, serving as Postmaster at Egan for a number of years. He is survived by his wife, 4 sons and one daughter, three grandchildren, and 3 great-grandchildren, and a host of friends and relatives.

Jay McDowell, a fine young fellow from Silesia, Montana, was here this week to visit his aunt, Mrs. R. L. Harris. This boy will be 18 in July but already weighs 190 and is 6-4 in his cowboy boots.

## About Soldiers--Sailors

Sergeant Lewie W. Penny, son of Mr. and Mrs. T. A. Penny, has been at home from Camp Maxey, Texas, on a ten days furlough. He returned Tuesday.

— S &amp; S —

Alvin C. Hudson, who was at home last week from Garden City, Kansas, found when he returned to the Airfield he had been made a Corporal in his absence, and this week he ranks as Sergeant.

— S &amp; S —

A recent Army News Release from Randolph Field, sends the Herald the pictures of two more Lieut. for the Air Forces with post offices given as Hamlin, Texas. Their names are Lieut. Aubrey E. Emerson, Rt. 3, Hamlin, who trained at the Pampa Field, and Lieut. Thomas R. Monroe, Hamlin, who trained at Ellington Field. Also was Lieut. Otho E. Lusk, Rt. 3, Stamford, an Ellington Field flyer.

— S &amp; S —

Pvt. Jack Talbert arrived back home Sunday night from Ft. Benning, Ga., and that's not all, he had his army discharge with him. This means Jack has joined the "Grandpa Squad", except that Jack says he's old enough to be a granddad but so far he has never married.

— S &amp; S —

The Herald has a letter from Mrs. Pete Holitzke, at Dayton, Texas (formerly Dorothy Faye Elkins) and she says her brother, Guy Elkins has been in the Navy eight months and is rated S, 1-C. Guy has already made two trips to England and he says it is plenty rough. He has a brother, Harvey, in the Army in India and his dad and other brother and brothers-in-law are ship builders.

— S &amp; S —

Mr. and Mrs. Ernest Watson have been enjoying their soldier sons, Pfc. Bill Watson on furlough from somewhere up on the Alaskan-Canadian Military Highway. He is with the Army Engineers. Corporal Wynell Watson is from the Barksdale Army Air Field in Louisiana. Bill has served 17 months and Wynell 15 months.

— S &amp; S —

Mr. and Mrs. J. W. Burgess returned Tuesday night from Springfield, Mo., where they had spent a week near their son, Corporal Dub Burgess, who is in the Medical Branch of the army at the O'Reilly General Hospital. Corporal Burgess has been a patient himself quite a bit and information is that he will soon be discharged on physical disability.

— S &amp; S —

D. F. Griffin, who is on a certain big ship as Seaman 1-C, reports he is doing fine but at the time said he had the last "chaw of Days Work" in his mouth. So that means he is somewhere on the Ocean and no "tobac" can be had.

— S &amp; S —

The Herald acknowledges receipt of letters this week from Seaman 1-C James Haight, in the Naval Air Training Base at Norman, Okla.; one from Pfc. Jack Phillips in the Tech. School at Scott Field, Ill.; one from Pfc. Claude H. Haight in the Army Air Forces Tech. School at Lincoln, Nebraska. Claude says "I would like to thank my good friends around Hamlin and especially at Hitson for the many cards and letters sent me while I was in the hospital." He is up and OK now. We also appreciate a nice letter from Pfc. Thomas J. Butler who is in the Hawaiian Islands. Butler says: "I am still located in these Islands, and as far as I know will be here for the duration, which I hope isn't too long off for all the boys are surely tired of army life for it surely is a tough one, but you never hear any one complain. I have spent 14 months so far in the army and 11 of that has been with the Military Police. I really like my work here. I have quite a lot of fun arguing with the boys about our state. All say their state is the best, but we have more men from Texas than any other state so we always win out...Two of us here are from Hamlin. The other is Coleman Gibbons. I get the Herald and when I get through with it he reads it. He had a hip injured in a Jeep wreck but is O K now...This is a fine place in some ways...you can go out and pick a coconut or pull down a banana, or get a stick of sugar cane any time of the year...I don't like the people here. All the barber shops are run by Japanese women. Some of the boys get a kick out of letting them give them shaves. This place is like a Texas town on an oil boom...plenty of money and everyone trying to spend it...Well, keep the Herald coming and 'Buy Them War Bonds.' Aloha."

— S &amp; S —

Mrs. Buff McGaughey of New York City, accompanied by her brother, Mr. Sid Castles of Anson, visited R. L. Harris Monday. They were childhood playmates in the early days of this county.

-0-0-0-

Miss Clonelle Harris, who is employed by the Southwestern Bell Telephone Co. in Dallas, is spending her vacation in the home of her parents, Mr. and Mrs. R. L. Harris.

A letter from Flight Officer Wm. B. Teague says he has been transferred from the Staten Island, New York, Hospital, to the Ashford General Hospital in White Sulphur Springs, West Virginia. This place was the swank resort in which the United States detained the low-down treacherous Jap diplomats soon after Pearl Harbor's disaster. Teague says "I think this place is far too nice to have been used for holding our enemy, but now it's turned into a wounded soldiers' hospital."

— S &amp; S —

Lieutenant J. B. Terrell and Mrs. Terrell came in Friday night from his post at Shreveport, La. Just a week end furlough, while he is this near home. J. B. says they are having a very nice time down there, and one of his buddies from the North Africa front has joined him in the instructions of the men.

— S &amp; S —

Pvt. John Hix came down from the Lubbock Air Field for a week end visit with home folks...just a pass.

— S &amp; S —

Mrs. N. E. Stewart has heard from her son, Pfc. Joe D. Stewart in Africa. He did not write much except to tell his mother he was still OK and not in any danger. However, he is in an armored battalion.

— S &amp; S —

T-Corporal George Powell is over from Camp Barkeley to spend a nice furlough with his wife, who is supplying in a teaching position. It would be a good time for him to start school all over again, unless he would be afraid his wife would make him behave.

— S &amp; S —

Lieutenant (Miss) Doris Cleveland, Army Nurse, has been spending several days with her sister, Mrs. LaFoy Patterson, while on a furlough from the Blytheville, Arkansas, Army Air Field.

— S &amp; S —

Mrs. J. D. Farrow gives us the information that her grandson, James Warren McAllister, has been promoted from First Lieut. to Captain. This young flyer has been in England for several months. He was commissioned about one year ago, in California.

— S &amp; S —

The old sailor boy, James Steed, the little guy who spent so much time on the cruiser Pensacola in the Pacific, surprised his folks by coming in Monday from the Pitcairnan Naval Air Field, Penn. He had been training at a Naval Air Station in Jacksonville, Fla., and was sent north for further assignment. The scarcity of barracks caused a lot of the men to get leaves.

— S &amp; S —

Sailor Julius Cannon, son of Mr. and Mrs. B. D. Cannon, came in Sunday on leave from San Diego. This young fellow has been in just nine weeks.

— S &amp; S —

Sailor Max Sellers, who is in San Diego, Calif., called his parents Sunday to extend Easter greetings and to hear voices of homefolks. Max was here a few weeks ago when his mother was ill.

— S &amp; S —

Jessie Hancock was made a sailor Monday and has been sent to Camp Peary, Va.

— S &amp; S —

Pvt. Ansel Massey and wife have returned to Dalhart after spending seven days with his mother, Mrs. Z. Massey and relatives East of town.

-0-0-0-

Mrs. Buff McGaughey of New York City, accompanied by her brother, Mr. Sid Castles of Anson, visited R. L. Harris Monday. They were childhood playmates in the early days of this county.

-0-0-0-

Miss Clonelle Harris, who is employed by the Southwestern Bell Telephone Co. in Dallas, is spending her vacation in the home of her parents, Mr. and Mrs. R. L. Harris.

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

# America's Food Emergency

## A Statement by Santa Fe

United States facing most critical "crop year" in its history.

During the coming months, the need for more food may be greater than the need for more guns, tanks and planes.

Serving, as it does, "the breadbasket of America," the livestock and meat industry, and the great fruit and vegetable areas of California and the Southwest, Santa Fe pledges its all-out effort in the production and mobilization of food.

### What Santa Fe Is Doing

Santa Fe employees are planting Victory Gardens along their railroad's 13,199 miles of right-of-way.

Everything that rolls on the Santa Fe is being kept in fighting trim.

Old cars with good running gear are being rebuilt into sleek new gondolas.

Many Santa Fe refrigerator cars that used to go back "dead-head" now hurry back loaded with other freight.

### They're On The Job, Too!

For years the Agricultural Development Department of Santa Fe has cooperated with growers all along the line, for greater production per acre, through better seeds and better cultural methods. For example:

The people of the middle Rio Grande know how the desert has been converted into paying crops.

The folks in Blue Water Valley of western New Mexico know how the production of vegetables has increased from 86 to 1076 carloads in the past three years.

The potato growers of Kern County,

Cars are few and hours are precious. Every hour a freight car stands idle holds back food or other vital war freight from folks who need it. Every unused cubic foot squanders vital space.

The supply experts of the Army and Navy, the ODT, and the Interstate Commerce Commission Bureau of Service are all focusing on this problem.

How Shippers Are Helping Shippers are helping and can continue to help (1) by maximum loading; (2) by quicker loading; (3) by quicker unloading.

\* \* \*

More than 57,000 Santa Fe folks join with the farmers, the livestock producers, the shippers, and the consumers of all America to help meet the greatest food crisis our nation has ever faced.

California, know how Santa Fe cooperated in stamping out ring rot and blight.

This year, the people in the Texas Panhandle are bringing in their first harvest of waxy kafir which promises to produce the starch for tapioca and other important products that formerly came from the cassava roots of Java.

In the present national food emergency, these people of Santa Fe's Agricultural Development Department are working harder than ever, doing everything they can to help food growers all along the line.

### Miss Mildred Nobles Marries In Dallas

Announcement has been received of the marriage of Miss Mildred Nobles and Mr. William H. Keys, on Saturday, April 10, in Dallas. Miss Nobles has been teaching in the Odessa public schools, and Mr. Keys is in the navy and at present is stationed in Virginia.

The bride is a daughter of Mr. and Mrs. W. A. Nobles of Paris, Texas, who were former citizens of Hamlin.

### Birthday Party

On Thursday afternoon, April 15, Kraigolyn Bessire delightfully entertained her class and a few other children with a party celebrating her tenth birthday.

Immediately after school the children came to Kraigolyn's home and each registered in a little register prepared by the honoree. Then games were played and gifts were displayed. The party was climaxed by a short picnic session at the park.

The pretty birthday cake, topped with ten candles, was cut and served with soda pop.

Those enjoying this pleasant afternoon were: James Maberry, Asa Ray Goodgame, Betty Jo Lee, Doris June Rodgers, Frankie Sue Madden, Elizabeth Ann White, Colleen Miller, Donald Johnson, Patsy Brown Frank Albert Tucker, Billy Pat Tucker, Jack Bessire, J. C. Watkins, Elma Joy Lee, Betty Jo Owen, Patricia Rimmer, Oleta Kite, Faye Altum, Neta Green, W. L. Flecher, Donald Rowland, Irma Lee Green, Bobby Green, Charles Wayne Green, Kathryn Fletcher Hopie Green and the honoree.

Mrs. L. B. Holden and Mrs. Ira Green assisted Mrs. J. C. Bessire in serving the children.

Some sent gifts who could not attend.

Mrs. John Miles received a message last Friday that her mother, Mrs. Ida Adams was seriously ill at her home in Murry, Ky. Mrs. Miles left early Saturday morning.

Mrs. Lawrence Bates, of Stockton, California, was here this week to visit her aunt, Mrs. E. R. Burns and other relatives. She was accompanied by little Miss Beverley Sue Story of Abilene.

Tell The Herald your news.

### STOP, LOOK AND LISTEN

Do you know that General Electric Co. was ordered to inspect the lighting facilities in large production factories and after big improvements and also having glasses fitted to employees' eyes that were found defective, the factory production increased 30 per cent?

### International Relations Program For Woman's Literary Club

Mrs. Tom Teague was hostess to the Woman's Literary Club Friday afternoon at the regular club hour in her home on Union Avenue. In the absence of Mrs. G. R. Bennett, the club president, Mrs. John Walton was in charge of the business session in which reports of officers and committees were heard, and the study course for next year was discussed.

The program on International Relations was presented by Mrs. C. E. Ball, which included a talk, The Western Hemisphere—A Laboratory for World Co-operation, by Mrs. R. D. Moore and a review of Norman Angell's book, Let The People Know, by Mrs. Ball. This book, dealing with plain matter-of-fact problems which affect daily the lives of every American citizen, was given by Mrs. Ball in a very impressive way.

Plans for the closing meeting have been changed and instead of the Spring Breakfast as scheduled in the year book, the meeting will be held Friday afternoon, April 30, at three o'clock in the home of Mrs. G. R. Bennett.

### METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School at 10 A. M.  
Morning Worship at 11 o'clock.  
Young People's hour of recreation, 6:30 P. M.

Youth Fellowship program at 7:30 P. M.

Evening service dismissed for the Baptist revival.

The Woman's Society of Christian Service meets Monday afternoon at 3 o'clock.

The Abilene District Conference meets at Baird Methodist church Tuesday and Wednesday, the 27th and 28th of this month.

Dr. Harold G. Cooke, president of McMurry College, will preach next Sunday morning. Dr. Cooke is a great preacher and a great Christian leader and it will be a rare privilege to hear him Sunday. The choir is arranging special Easter music for the morning service. Hear Dr. Cooke and hear the great Easter music on Easter Sunday morning.

There will be no evening service. The pastor is at Childress in a revival. Attend the revival services at the Baptist church.

### BIRTHS

Two births were announced from the Weir Clinic this week.

Mr. and Mrs. Langdon McCracken announce the birth of a daughter Dee Nita Jean, on April 17th.

Mr. and Mrs. Eunice Kennedy announce the birth of a son, Ronald Woodrow, April 20th.

Tell The Herald your news.

### WE SLING GYPSUM

Gypsie Reporters  
(Frances Nichols—Geraldine Brown.)

Mr. and Mrs. Virgil Steele are enjoying a visit from Mr. Steele's mother, Mrs. J. M. Steele, his sister, Mrs. A. M. Johnson and family, and his brother, Mr. J. H. Steele, all of Fort Worth.

Mr. and Mrs. J. C. Lovelace and J. W. Riddle came down Wednesday to visit Mrs. Lovelace's parents, Mr. and Mrs. John Riddle. They also visited in the home of Mr. and Mrs. Jack Scott, Mr. and Mrs. R. F.

## ACID—not speed—may "burn up" your engine now!

You don't go "tearing off" the miles, and you hate tearing off ration coupons, too. You'd think your low speed and mileage would almost do away with engine wear. But the products of combustion—always hanging back in the cylinders after stopping—contain acids that nibble at metals!

Engine acids are nothing new, only they couldn't do their worst when interrupted by frequent use of your car and fast driving, instead of staying in your inactive engine for days. Short, slow, infrequent runs don't help much to clean acids out. So now when you're not even sure of getting any needed replacement parts, make sure you muzzle acids as well as you can, by keeping your engine's insides OIL-PLATED.

You know of plating being used to resist such corrosion as rust, for instance. And

to resist acid corrosion, have your engine OIL-PLATED—quickly—simply—economically—by changing this Spring to Conoco N<sup>th</sup> motor oil—patented. It includes a great advancement in synthetics, invented to maintain OIL-PLATING up and down your engine's insides, during many hours or days when such resistance against acid can help. Your Spring oil change is a "must," but the worst acid effects are not —not when you get Conoco N<sup>th</sup> motor oil. Continental Oil Co.

**CONOCO**  
**N<sup>th</sup>**

## At Your Mileage Merchants in Hamlin Territory ELMER C. FEAGAN, Distributor

Jackson, Mr. and Mrs. Leonard Nichols, and Mr. and Mrs. J. M. Scott. Mr. Lovelace will leave for the army Tuesday of this week.

Cpl. and Mrs. Tommy Mixon of Missouri have been visiting Mrs. Mixon's parents, Mr. and Mrs. J. T. Wallace.

John Hooten was called to the bed side of his father who was very ill last week in East Texas. He is reported doing fine.

Doyle Crain of Abilene is visiting his grandmother, Mrs. Early.

Mrs. J. W. Beasley and children, James and Billie of Houston, are visiting Mr. and Mrs. Will Roberts and Mr. and Mrs. Clayton Roberts.

Pfc. Cledys B. Griffin is visiting his wife and parents this week. He is stationed in California.

We were all proud to hear that Mrs. A. Anderson is home from the hospital.

Miss Joan Carr spent the week end in Abilene visiting her sister, Miss Tess Carr.

Mr. and Mrs. John Riddle are en-

joying a visit from Mrs. Riddle's mother, Mrs. S. W. Ellerbe of Jayton.

Mrs. J. G. Emerett and children, Pat and John of Winters, are visiting Mr. and Mrs. Clayton Roberts. Mrs. D. L. Riddle visited in the home of Mr. and Mrs. John Riddle Friday.

Mrs. W. J. Rucker of Temple has been visiting her daughter, Mrs. Clayton Roberts. Mrs. Rucker returned to her home Tuesday.

We are sorry to lose Mr. and Mrs.

J. Hancock. Mr. Hancock has been called to the navy. He will report in Dallas on Monday of this week.

Mr. and Mrs. Virgil Steele visited in Abilene Saturday.

You are all invited to attend church Sunday. Rev. Hankins will occupy the pulpit.

Mr. and Mrs. J. W. Riddle and Mr. and Mrs. J. C. Lovelace visited Mr. and Mrs. C. C. Gallagher in Jayton Thursday.

Mr. and Mrs. Jack Graham have been visiting in Merkel.

## A father is fighting... So his boy may tinker with Electricity

Over 160 of our men (and one woman) are in the U. S. armed forces. Last week one of these men, a good electrician who had been with the company for many years and who is a veteran of World War I, came home on leave. (He's a volunteer in the Navy.)

With him when he dropped around to say "hello" and talk shop with the fellows was his 13-year-old son... wearing his Boy Scout uniform.

All the guys were darn glad to see him and know he has a swell Navy rating as an electrical technician. Naturally they asked a lot of questions and learned that Uncle Sam's Navy thinks mighty high of its men who come from America's electrical companies where they got their training and experience. They learned, too, that electric power is behind most of the Navy's great punch...

building ships, guns, bombs, torpedoes and the like with which to win the victory.

Finally someone asked: "Well, Don, have you decided—just *what* are YOU fighting for?" He answered right off, pointing to his son.

"Me—I'm fighting for this kid. He's a Boy Scout, see, and it teaches 'em to be independent and self-reliant. Well, dictators and bureaucrats don't like that—they want regimentation. So I'm fighting so he—and millions like him—will be *free*."

"Too, the kid's kinda like me!olly Tole has a knack for tinkering with Director, tricity... likes it, see. Well, the may not be another Edison. Eo-o-o want him to have the same oppo-annam and daugh- Cross have returned after spending a week inam's daughter, Mrs. i family and other rel-nple, Belton, Hubbard, Spring and Flat, Texas. s is staying with her par-a short time, but will re-Washington, D. C., where-oss is attending adjutant Gen-school.

"I want him to be free to tinker all he likes. And if anything comes of it, *if* his tinkering creates something useful to the world, like Edison's tinkering, I want him to share in the profits."

Out of this freedom of individual opportunity grew America's great industries that today are pouring out the weapons of war... as in peacetime they pour out the comforts and conveniences of everyday home life to give us the highest of all standards of living.

*This freedom is worth fighting for.* Free men and women, working their own destinies with their hands and minds... building, improving... taking the enjoying the rewards. And the world as they better

## POT SHOTS FROM McCAULEY

—BY GEO. DARDEN—

Pvt. John Willie Griffin is home on a few days' leave from his training base in Mississippi.

The Senior class of McCaulley High school is sponsoring an amateur night at the school house April 22. You are invited.

Pvt. and Mrs. Irby Rogers are the parents of a brand new son born April 6th in a Rotan hospital. Pvt. Rogers is stationed at Mineral Wells.

Mrs. J. W. Rush honored her daughter with a party last Friday afternoon on her tenth birthday. A large crowd of youngsters attended Jerry's birthday party.

Mr. and Mrs. Leland Clifton of Imperial, Texas, visited over the week end with her parents, Mr. and Mrs. F. L. Rector.

Mr. and Mrs. Frank Maberry visited sick friends in the Stamford Hospital last Friday. They also made a business trip to Abilene.

Visiting last week end with their friends and relatives in this vicinity were Mrs. Clifford Jones and children, J. O. Jones and Bynum Wayne Miers of Lubbock.

Mr. George Clark, who has been ill for several days at his home south of town, is now in a Rotan hospital.

Nancy Sue Eivens and Mrs. S. E. Miers, both are now improving after ten days in a Stamford hospital and are now at home.

Mr. and Mrs. Ellis Eivens and children of Fort Worth visited last week end with mother and sister and other relatives in this vicinity.

Miss La Verne Maberry, daughter of Mr. and Mrs. John Frank Maberry, is visiting her parents after several weeks in Newman, Arizona.

Meeting in Mineral Wells last Sunday in a family reunion were: Mr. and Mrs. John Frank Maberry and daughter of McCaulley, Mr. and Mrs. Lon Adress and daughter of Fort Worth and Mr. and Mrs. Clifton Maberry of Dallas and a grand time was reported.

Mr. Edwin Johnson of Ft. Worth was a Sunday visitor in the home of his brother, Mr. and Mrs. Jack Johnson of McCaulley.

NOTICE—The McCaulley community has a quota of \$7,000 for this month's War Bond drive. The committee composed of J. D. Maberry, E. C. Waldrop and Mrs. L. E. Rector, is urging the citizens to co-operate fully that our quota may be reached before the end of the month. There will be a War Bond drive along with a fine program at the school house next Tuesday night, April 27th, and you are urged to attend and tell your friends. Bonds will be available on that night at the school house and your purchase of War Bonds will make Hitler and the Japs shudder in their boots. This community has never failed our

boys and we don't expect to let them down now. The least we can do is to purchase stamps and bonds with every nickel at our command. Some fellow may say that \$7,000.00 is a lot of money for poor folks to raise. Well, folks, frankly most of us are poor as Job's turkey, but remember there are a lot of boys in the fox holes who are poor too. If we judge from a dollars and cents standpoint. The little boy or girl that buys a ten cent war stamp is doing his or her part in the war effort and the grown-ups will do their part by buying till it hurts and just remember neighbor, your money won't be worth a thing to you if Hitler wins and you are not being asked to give, but only to lend. The fellow who said that he was afraid that McCaulley wasn't going to be able to raise our quota, has another think coming. We are confident that every citizen in this community will buy according to his means and the Doubting Thomas who thinks McCaulley won't go over the top will go home greatly surprised. This community has a few citizens who could stand on one foot and raise \$7,000. So folks, come on out to the school house next Tuesday night full of good old American patriotism and let the boys who man the guns know that we are with them until the last gun is fired.

O-O-O

COMMENT NO. 1. By accident we saw a newspaper the other day which is published in the Capitol of Jones County. It's a good little weekly paper, but the Editor has some fanatic ideas (we think) and it seems that he is swinging on the coat tail of Senator Pappy for some future reason.

"Farmer Is Still The Goat" was the headline of this particular editorial, and it seems that the Editor directed his mud slinging at the president, Senator Connally and the U. S. Congress at large. For some reason or other the Editor wishes to work on the sympathy of the farmer by lambasting the President for vetoing the Bankhead Bill. We wonder if the Editor has read the Congressional Record of April 2nd, in which the President gave his very good reasons for vetoing the Bankhead Bill. Now there is no person alive in sympathy with the farming class more so than this scribe. Yet, we also happen to know that the farmer is getting along better at the present than any other class of workers. WHY? Well we will give you a few good reasons: Cotton is around \$100 per bale, cows are \$100 per head, hogs better than 14 cents per pound, grain, maize, etc., are \$2.00 per hundred, cream 40c per pound, eggs are better than 30c per dozen; most farmers have their own milk, meat, butter and eggs and a living at home. Yes, we know a lot of farmers who are glad they are farming in this day and time, and if that Editor will try some of those defense jobs and pay the high house rent in defense centers and buy everything that goes on his table, then he perhaps would come home satisfied that the farmers are about the luckiest people on the globe. Perhaps that Editor has been working men on his farms at \$1.50 per day in the past, and is considerably GRIPED because he now has to pay more. Well Mr. Editor, the classes have had their day; the sweat shops are about to become a thing of the past; and the masses will likely have a say in what goes on in the future. You may tell the farmer how bad he is being mistreated but we will lay you a little wager that you can't get him to give up his farm, his hogs, cows and chickens for a so-called high wage defense job.

A DARDEN-O-GRAM
